JOB TITLE

Marketing and Sales Product Training Manager

PURPOSE

4D Mobile is seeking an enthusiastic, professional, and driven individual who is passionate about technology and providing great user experience and extraordinary value to customers.

The Marketing and Sales Product Trainer will develop, manage, and deliver training and promotional programs for 4D Mobile customers and our sales and marketing teams. You will manage 4D Mobile's product, sales, and marketing training program for xDIM suite of software products. Responsibilities include defining training curricula, working with cross-functional team for content development and updates, and managing online and onsite training schedule.

The ideal candidate will be enthusiastic about technology and enjoy sharing it with others. Candidates should be detail oriented and capable of presenting to small and large groups of professionals – both online and in person. Experience with developing webinar series curriculum is preferred.

RESPONSIBILITIES

- Create, design, and implement classroom, computer-based, web-based, and other interactive training programs.
 - Develop product training curriculum for on-line and face-to-face delivery.
 - Develop basic, introductory level, technical training material.
 - Assist technical, sales and marketing teams to develop advanced product and software training material.
 - Work with sales teams to develop technical sales training material.
 - Manage and maintain all training material and agendas.
 - Coordinate with team to develop and maintain training schedule.
 - Collect feed-back on an on-going basis to adjust and improve training as required.
 - Report training program status and progress to management.
-

REQUIRED SKILLS & EXPERIENCE

- BA or BS degree, technical focus a plus.
 - 3+ years of experience in creating and conducting technical training.
 - Excellent written and verbal communication skills – comfortable presenting to groups.
 - Strong organizational skills and attention to detail.
 - Strong interpersonal skills.
 - Ability to efficiently work on multiple active projects concurrently and work well both independently and as part of a team.
 - Ability to maintain good working relationships with internal and external clients.
 - Ability to quickly learn new software applications.
 - Experience with eLearning content creation tool(s).
-

COMPENSATION

- Salary plus incentive compensation in line with experience / qualifications
 - Paid vacation and holidays
 - Company 401k program
 - Company health, dental and vision plan
 - Company life insurance and Short/long term disability
-
